How to go directly to the Air University (AU) Portal:

AU Portal HOME PAGE link:

This will take you to the "AU Portal" home page, which says "Welcome to the AU Portal"

<https://auportal.maxwell.af.mil/auportal>

How to login to the AU Portal:

Start at the AU Portal Login Page

If you have an existing user account

Click the "Log In" button under "CAC Login"

To create a user account,

In the "New User Account" section

Ensure the **radio button** is selected for "**Use your Common Access Card (CAC)**"

Click the "**Create New Account**" button and follow the directions

Once your account is created you will be returned to the "AU Portal" home page

After your AU Portal account is created you can confirm / update its information by:

Clicking on the "**My Info**", then select either "**Account Info**" or "**Contact Info**".

Where you can establish / change your AU Portal passwords, mailing or e-mail addresses, etc.

Manual navigation to the AU Portal via the Air Force (AF) Portal:

This method is currently **NOT RECOMMENDED**. We have noticed that the AF Portal is directing users to an old AU Portal URL which doesn't work properly. If you attempt this method and you see the text string "**aurepmprod**" within the URL, that indicates it is a 'bad' URL.

Login to the AF Portal

In the "**Air Force Indexes A-Z**" panel on the right side of the page

Click on "**Applications**"

This will take you to the "**Applications A-Z**" page of the portal

In the "**Applications A-Z Index**" panel in the center of the page

Scroll down to and click on "**Air University Portal - AU Portal**"

This will take you to the "**AU Portal**" home page, which says "**Welcome to the AU Portal!**"

In the "**Login to an Existing Account or Create a New Account**" section

Click on the button, which says "**Click here to login or create a new account**"

This will take you to the "**Air University Login**" page

Here you can log-in to an existing account using your CAC or a pre-established user name and password. You can also create a new user account.

Critical Information about Your AU Portal Account:

1) AU Portal "User Name"

IS NOT necessarily the same as your "AF Portal User ID". Remember, your AU Portal "User Name" will be used to create your Blackboard Username. So, record it for future use.

To find your AU Portal "User Name" go to the AU Portal home page.

In the navigation pane on the left side:

Click on the "[My Info](#)".

Then select "[Account Info](#)".

On the [Account Information](#) page you will find:

"[User Name](#)" (e.g. john.q.public)

and

"[AF Portal User ID](#)" (john.public)

At the bottom of the page, you will see your Blackboard (Bb) Username:

For example:

System / Username

blackboard / john.q.public.au

2) Notification E-mail Address

[AFNET Migration](#): The AFNET migration effort is resulting in uncertainty about whether or not your notification messages will arrive successfully. If your account has been migrated to AFNET you should **ensure the AU Portal has your E-mail for Career (E4C) (e.g. john.public.1@us.af.mil)**. We have observed other address types (e.g. base.af.mil, ang.af.mil, etc.) being undeliverable.
NOTE: We will NOT know if a message has NOT been delivered to you.

[Be Accurate](#): The e-mail addresses you input in your AU Portal account will be used to send you all the enrollment process notifications. Ensure you input them correctly and double check they are current and accurate. Otherwise, **you may not receive any messages**.

[Have A Backup](#): Your AU Portal profile allows you to input **2 different e-mail addresses** and select them both for notification. We recommend you do so to provide redundancy in case one of your addresses doesn't receive a message. We also encourage you to **include a NON .mil address** as one of the two entries to increase your likelihood of receiving notifications.

3) Mailing Address

We will use the physical mailing address in your AU Portal account to send your course completion certificate and official grade letter. Ensure it is accurate and up-to-date.

NOTE: Those in overseas locations need to use their APO address.

How to apply for admission to the Air Force Culture, Region and Language (AFCRL) Program:

5) You have successfully submitted an application to the AFCRL program

We will review your application and notify you if you are accepted, denied, deferred or if additional information is required to complete our review.

When you receive a [notification of acceptance](#) you have met the criteria to participate in the AFCRL program.

When you receive a [notification of application processing](#) you must then go back to the AU Portal and register for enrollment (i.e. submit an enrollment application) in the specific course you desire.

The average "turnaround" time for application processing is 36 hours.

6) **Please note:** We will continue to accept applications until the Application Window has closed. However, once the course has filled up we will stop 'processing' applications.

How to Register (Submit an Enrollment Request) for an AFCLC Course:

USAF Culture, Region and Language Program MAFCLC002 Intro to Culture, Flexible Schedule (ITC Flex)

[12BF](#) which means FY2012, "B" Spring Session, "F" Flexible Schedule ITC

USAF Culture, Region and Language Program MAFCLC003 Intro to Cross-Cultural Communication (CCC)

3) This will take you to the "[Submit Enrollment Application](#)" page

In the "[Step 2](#)" section

Click the "[Submit Request for Enrollment](#)" button

4) This will take you to the "[Registration Received](#)" page

You will see a message on the page confirming your registration submission

You will also receive an e-mail confirming your registration submission

5) You have now been accepted into the AFCRL program and registered for enrollment in an AFCLC course.

Applicants will be prioritized according to enrollment submission date/time.

Those who submitted earlier will have priority over those who submitted later.

Applicants will be enrolled in this order up to the number of seats available in the course.

Please note: To maximize opportunities for all Airmen, those who **are already enrolled in another AFCLC course**, which runs simultaneously, **will be given a lower priority** than those who are not enrolled in any other AFCLC course.

You will receive a notification e-mail after the enrollment window has closed announcing whether or not your enrollment request was successful. **If you were successful**, it will contain details on when you can login, where to login, how to **determine your login Username**, and how to **establish your login Password**.

If you were unsuccessful, it means there were not enough seats to allow your enrollment. However, there is still an possibility to participate, **see the "Standby Period" (NO SHOW) procedures** section below for more information.

IMPORTANT: "Standby Period" (NO SHOW) Procedures

What if you are not successfully enrolled in the course?

You will receive an "Enrollment Unsuccessful" message, which will offer you the option to join a "Standby List" in case some students withdraw from the course or are NO SHOWS. **You must respond in the affirmative** to this offer to be included on the "Standby List". **Standby priority** is based on the order these messages are received.

The "Standby Period" runs until the end of the second week (14 days) after the class start date.

During the Standby Period you should be ready to respond quickly to an invitation to join the course and begin your studies. Invitations will include reply deadlines to ensure a maximum number of 'seats' will be filled with responsive students.

IMPORTANT: "Enrollment Confirmation" (NO SHOW) Procedures

If you are successfully enrolled in a course you MUST login to the Blackboard LMS, access the course and **complete ALL the pre-course events** by the Enrollment Confirmation Date, which is day 7 of the academic session. If you have not completed these items by the end of the first week of the academic session, you will be considered an enrollment NO SHOW. Consequently, you may be removed from the course so that someone from the Standby List can participate instead.

Note: Don't worry! You don't need any advanced preparation for the pre-course events. As program evaluation tools they are a requirement to participate, but they are **not part of your grade**.
